## MESSAGE FROM THE CHAIRS

Hon. Patricia M. Blevins  
State Senate  
Chair

We are pleased to present the 2005 Annual Report of the Domestic Violence Coordinating Council (DVCC). The DVCC experienced significant changes during 2005 among our staff, and leadership. After five years with the DVCC, Ronald T. Keen retired as Executive Director and Bridget V. Poulle was hired as the new Executive Director.

The Honorable M. Jane Brady who served on the Council from January 1995 to December 2005 was appointed to the Superior Court Bench by Governor Ruth Ann Minner. The Honorable Carl C. Danberg, joined the Council, following his appointment by Governor Minner, as the new Attorney General. Cynthia M. Boehmer, a member of the Council since its inception, resigned from the Council and was hired for the newly created DVCC position of Southern Delaware, Project Coordinator. We thank our former associates for their dedication and service and welcome Dana Harrington Conner, Associate Professor at Widener University School of Law, and longtime advocate, as our newest Council member.

Hon. Chandlee Johnson Kuhn  
Chief Judge, Family Court  
Vice Chair

The DVCC Subcommittees worked on numerous issues throughout the year; such as, weapon relinquishment, offender referral to domestic violence treatment, supervision of offenders using enhanced technology, domestic violence among the elderly, and reimbursement for forensic evaluations.

For the coming year, the Coordinating Council will focus on the subject of Domestic Violence and Youth, looking specifically at the issues of child witnessing and teen dating violence. We look forward to continuing our collaborative efforts with government leaders, domestic violence advocates, and the community at large in identifying and implementing improvements to Delaware's response to domestic violence.

Thank you for your continued support. ■

### DVCC STAFF

When I joined the staff of the Domestic Violence Coordinating Council (DVCC) as an advocate in 1998, I was excited for the opportunity to help develop the policies that define Delaware's response to domestic violence. Now as Executive Director of the Coordinating Council, I am excited for the opportunity to help lead in developing future policies and practices that will further define Delaware's response to domestic violence.

The Domestic Violence Coordinating Council Annual Report has undergone some changes this year. The 2006 Annual Report still includes criminal data, shelter, and hotline program statistics, as well as subcommittee updates and Council activities, as in the past. However, in order to highlight other important information, usually contained in the Annual Report, we decided to develop a separate publication. The new publication, "The Delaware Domestic Violence Resource Manual," will include information on the dynamics of domestic violence; such as, the cycle of violence and power and control techniques, as well as the Directory for Statewide Services. The manual should be available in the near future.

I have been fortunate during my time here to work with highly dedicated and skilled professionals. I thank the Coordinating Council members, staff, and our many partners for their ongoing commitment to ending domestic violence. I look forward to our continuing collaboration. ■

## SUBCOMMITTEES

### Fatal Incident Review Team

Chairs: Hon. Vincent J. Poppiti, Member -At-Large

Dana Harrington Conner, Member- At-Large

Staff: Bridget V. Poulle

A significant part of the Domestic Violence Coordinating Council's work is to track domestic violence fatalities and review the circumstances of those cases. The Domestic Violence Fatal Incidents Review Act statute, signed into law in June 1996, established a Fatal Incident Review Team to investigate and review the facts of all domestic violence related fatalities, both homicides and suicides that occur in Delaware.

The ultimate purpose for reviewing domestic violence fatalities is to prevent such deaths in the future. By conducting system audits of state agencies and private organizations that had contact with the deceased victim and or the alleged perpetrator, the system's response to domestic violence may be improved. Steps may be taken to prevent future deaths and injuries by making changes to existing policies and practices and by identifying gaps in services and developing programs to fill those gaps.

Confidentiality is maintained throughout the review process and is required by statute. The records of all reviews are confidential and are exempt from the provisions of the Freedom of Information Act in Title 29 of the Delaware Code. Reports published by the review team include only aggregate data and do not identify specific cases.

Although the domestic violence fatality reviews are retrospective in nature, their purpose is prospective. The reviews focus on identifying trends and obstacles in service delivery, assessing the adequacy of agency interventions and, most importantly, developing recommendations for policies and practices aimed at reducing domestic violence deaths in Delaware.

Team members review between ten and twelve cases each year. The review team members are established by statute, and range from Chief Judge to victim advocate. Although the review team members represent different agencies and interests, they focus on the common goal of developing recommendations to reduce domestic violence in Delaware and prevent future deaths. To view the most recent copy of the Delaware Fatal Incident Review Team Annual Report, log onto the DVCC website at [www.dvcc.state.de.us](http://www.dvcc.state.de.us) and click on Reports.
