

Domestic Violence Intervention Program

DVI Request for Program Modification Form

This form is to be used by Intervention Programs to request review and approval from the Certification Panel to incorporate innovative programing into their model. Innovative programming includes any programming which varies from the existing protocol outlined in the DVI Standards including but not limited to: pilot programs, novel programing which expands upon that which is outlined in the DVI Standards, or programming to accommodate specific circumstances (social distancing requirements, out-

t-of-State reporting requirements).	
e Panel will review the application during the annual review process or within 60 days of the request plicants will not be present during the review. Thus, it is vital that all questions be answered mpletely and supporting documentation included. You may attach pages if more space is needed.	
1.	Name of program making the request:
